

INFORMATION ON UTILITY BILLING

If you are a new resident, please call city hall and set up a utility account with your name and address.

GENERAL INFORMATION ON BILLING

The City of Willernie sends water, trash and sewer bills out once a quarter. They can be paid by dropping a check, cash or money order in an envelope in the slot at City Hall, 111 Wildwood Road, or by mail.

The other option of payment is online banking through your bank. These checks are mailed directly to the city from the bank.

You have 30 days to pay the utility bill, then a 10% fine is added to the total bill.

On your statement the trash price depends on the size of container you require. A 30-gallon container is \$53.37 a quarter, a 60-gallon container is \$88.83 a quarter and a 90-gallon container is \$101.72 a quarter. As a resident you should have a 60-gallon recycling container which is included in the refuse fees listed above.

The sewer is a flat fee of \$60.50 a quarter at the present time and the water meters are read at the end of each quarter so you are billed according to the amount of water used.
