A motion to approve like to join the parcels on one tax PID number if the City has no objections. If it would be possible to build another house then Mr. Mann would like to split the lots.

The Council reviewed the information presented by Mr. Mann and explained there is not enough land to build another house on the lots he owns.

The Council has no objections to combining the lots on one tax number; however, they did not think that it was necessary for them to approve this procedure. Mr. Mann explained that the County had requested permission from the City Council before they would combine the lots on one parcel. The clerk was then directed to draft a letter to be given to Mr. Mann explaining that the City Council has no objection to the combining of the lots owned by Mr. Mann.

### **GEORGE GORBATENKO – HABITAT FOR HUMANITY**

Mr. Gorbatenko lives in Mahtomedi and belongs to a group of people known as MICA. This is an active group that helps people own homes and stay in them after purchasing them. He is an advocate for affordable housing.

Mr. Gorbatenko also is active in Habitat for Humanity. He explained that Habitat will build a house on a reasonable lot if one can be found. Habitat also helps fix up houses that are in foreclosure so they can help the community.

Habitat and MICA are organizations that Mr. Gorbatenko would like the City of Willernie to encourage.

Mr. Mann asked about lots that Habitat could build on because Mr. Mann sells real estate and would like to help Mr. Gorbatenko find some real estate. Mr.

The Council decided to have the mayor explain Habitat in the newsletter so all the residents would be aware of the available help.

**ANIMAL CONTROL CONTRACT**

Miller reviewed the Animal Control contract and inquired about the micro chips that some animals have implanted for identification. He would like a clause in the contract addressing this issue. Miller moved to approve the animal control contract with the above changes, Marcellais seconded the motion and the motion passed.

**TSE CONTRACT 2009**

Scott McDonald explained that the TSE contract is the same contract that was in place in 2008 for the work done by TSE. Willernie isn't liable for the workman's comp insurance

on the employee because TSE has their own insurance policies. Miller said that this was correct.

A motion to approve the TSE contract for 2009 was made by Marcellais. Greeder seconded the motion and the motion passed. Miller recused himself from the vote on this issue.
