420 Paddington has been taken down and will be rebuilt in the spring.

### **412 PADDINGTON**

The new owner of 412 Paddington came into the office with an interpreter to review the problems on the property. The letter from the building inspector was given to the new owner and questions were answered. Then they went to the building inspector's office to discuss the options on the property. The building inspector explained that it would be more economical to rebuild on the property versus repairing the foundation and other problems on this house.

There has been no other contact with the new owner and no permits have been requested.

The Council will wait a few months before approaching the new owner on the requirements needed for this house.

### **GRANTS**

The Legion gave the City \$1,000 for the parks and Miller met with Matt Deans to discuss the possibility of grants for the City. Matt Deans discovered that Willernie might not be eligible for some grants due to the median income in the City. There are some loans for projects at a 3.25% interest rate that Matt Deans will research for the City.

Miller also met with Senator Wiger and Representative Fischer and will work up a list for them by the end of the year. Usually the amount of the improvements need to be \$250,000 so Rick made some suggestions for improvements to the Willernie City Hall and the garage that would add up to this amount.

**RICK REPORT**

This has been a bad year for potholes, however, most of them have been repaired and Rick will continue to fill the holes as they appear.

The truck is ready for salting and plowing in case of snow.
